Dr. Aftab Yusuf Raj
Professor Of Pediatric And Neonatology, Square Hospital,
Bangladesh MD (Pediatric), MD (Neonatology),MPH,
Fellow Of Calgary Medical University, Canada

On behalf of the organizing committee , it is my great honor and pleasure to welcome you all, to the World Pediatric Conference (2026WPC) , 2026 to be held in the vibrant city of Osaka, Japan.

The world pediatric conference has long been served as a distinguished global platform for pediatricians, researchers, healthcare professionals And policymakers to exchange knowledge , collaborate towards advancing child health and wellbeing world wide.

We are confident that the scientific programs, keynote lectures, workshops and posters presentation will foster lasting impact.

I wish all a rewarding scientific experience and a memorable stay in Japan

Best warm regards

Professor Dr, Aftab Yusuf Raj
Professor of pediatric and neonatology
Square hospital, Bangladesh
MD (pediatric), MD (neonatology),MPH
Fellow of calgary Medical University, Canada

WELCOME MESSAGE

EPISIRUS SCIENTIFICA®
A Path For Discovery

Dr. Renee J Dufault
Executive Director, Former U.S. FDA Whistleblower,
Nutritional Epigenetics Researcher, Food Ingredient
and Health Research Institute, Naalehu, Hawai'i, USA

Dear Colleagues,

Following a major success in 2025, the 2026 World Pediatrics Conference (2026WPC) is set to return bigger for its upcoming 8th Edition in Osaka, Japan.

Hosted by the Episirus Scientific in collaboration with The Society for Pediatric Research, the 2026WPC will be held from October 5-6, 2026.

Driven by the legacy and expertise to promote regional and international collaborations and enhance scientific collaborations around the world, the renowned congress has set the bar to the promotion and development of childcare and neonatology around the globe.

2026 WPC aims to provide participants with unparalleled insights into the latest research on the etiology, development, prevention, and treatment of multidisciplinary pediatric disorders through its comprehensive scientific program led by international child specialists and neonatologist. The holistic suite of programs includes high-level plenaries, interactive sessions, poster presentation opportunities, workshops to catalyze and advance scientific knowledge on various critical care fields.

Additionally, delegates will be given an opportunity to discover the latest industry innovations and network while they build new contacts with like-minded professionals and earn up to 16 CPD credits for maintaining their licensure.

Join us now for an enriching experience and expert insights into the practice and future of childcare. We look forward to welcoming you at 2026 WPC.

Sincerely yours,

Dr. Renee J Dufault

Organizing Committee Member
Congress 2026WPC | ESE

INVITATION

2026 WPC

Dear Colleagues,

Episirus Scientifica welcomes you to attend the hybrid event of 2026 World Pediatrics Conference (2026WPC) held during October 05-06, 2026 at Osaka, Japan with the theme "Advancing Pediatric Innovation for a Healthier Tomorrow". This international meet (2026WPC) in collaboration with national and international societies anticipates hundreds of participants including Keynote speakers, Oral and Virtual presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current advancements involved in Pediatrics and Neonatology. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world-class Pediatrics and Medical Associations.

Life is full of give and take make it count in your professional life, attend the Pediatrics Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Osaka this October.

Sincerely,
2026WPC

Organizing Committee Members

Prof. Zhenhuan Liu

Professor, Pediatric neurologist, Pediatric acupuncturist, Department of Pediatric Rehabilitation of Medicine of Nanhai Affiliated Hospital for Women and Children, Guangzhou University Chinese Medicine, China

Prof. LEUNG Ting Fan

Alice Ho Miu Ling Nethersole Charity, Foundation Professor of Paediatrics, Department of Paediatrics Faculty of Medicine, The Chinese University of Hong Kong, Hong Kong

Dr. Larry Ngo

Assistant Professor of Pediatrics, Department of Pediatrics, Division of Neonatology, Loma Linda University, USA

Dr. Renee J Dufault

Executive Director, Former U.S. FDA Whistleblower, Nutritional Epigenetics Researcher, Food Ingredient and Health Research Institute, Naalehu, Hawaii, USA

ESE PERMANENT COMMITTEE MEMBERS

Dr. Terrance Khastgir
Integris Baptist Medical Center, Oklahoma City, USA

Dr. Parin Sangoi
Madras Medical Mission, India

Dr. Ahmed Fouad
Ain Shams University, Cairo, Egypt

ORGANIZING COMMITTEE MEMBERS

Prof. Zhenhuan Liu

Professor, Pediatric neurologist, Pediatric acupuncturist, Department of Pediatric Rehabilitation of Medicine of Nanhai Affiliated Hospital for Women and Children, Guangzhou University Chinese Medicine, China

Prof. LEUNG Ting Fan

Alice Ho Miu Ling Nethersole Charity Foundation Professor of Paediatrics, Department of Paediatrics, Founding Director, Hong Kong Hub of Paediatric Excellence (HK HOPE), Co-Director, Chinese University of Hong Kong-University Medical Center Utrecht Joint Research Laboratory of Respiratory Virus and Immunobiology

Dr. Ricardo Iramain

Full Professor of Clinical Pediatrics, Hospital de Clinicas, National University of Asunción, Chief of Emergency Department, Former President, Latin American Society-SLACIP, Fellow, American Academy of Pediatrics

Dr. Winston Price

Associate Professor, Pediatrics, Philadelphia College of Osteopathic Medicine and Assistant Professor, Pediatrics, Medical College of Georgia, USA

Dr. Aftab Yusuf Raj

Professor Of Pediatric And Neonatology, Square Hospital, Bangladesh MD (Pediatric), MD (Neonatology),MPH, Fellow Of Calgary Medical University, Canada

Dr. Larry Ngo

Assistant Professor of Pediatrics, Department of Pediatrics, Division of Neonatology, Loma Linda University, USA

Dr. Renee J Dufault

ABOUT US

Episirus Scientifica

Episirus Scientifica (ES) is initiated to meet a need and to pursue collective goals of the scientific community specifically focusing in the field of Sciences, Engineering and technology to endorse exchanging of the ideas & knowledge which facilitate the collaboration between the scientists, academicians and researchers of same field or interdisciplinary research. Episirus Scientifica (ES) group is proficient in organizing conferences, meetings, seminars and workshops with the ingenious and peerless speakers throughout the world providing you and your organization with broad range of networking opportunities to globalize your research and create your own identity. Our conference and workshops can be well titled as 'ocean of knowledge' where you can sail your boat and pick the pearls, leading the way for innovative research and strategies empowering the strength by overwhelming the complications associated with in the respective fields.

Participation from 60 different countries and 500+ different Universities have contributed to the success of our conferences.

Our first International Conference was organized on Heart & Neurology in Bangkok, Thailand. Our conferences usually run for 2-3 days completely covering Keynote & Oral sessions along with workshops and poster presentations. Our organization runs promptly with dedicated and proficient employees' managing different conferences throughout the world, without compromising service and quality.

Our Registered Office Address:

1521 Concord Pike Ste 301 #246 Wilmington, DE 19803, USA

About 2026WPC

2026WPC will follow the Hybrid Event Model

After a successful hybrid 2025WPC World Pediatrics Conference in Singapore, the 8th Edition of 2026 World Pediatrics Conference (2026WPC) will be hosted by Episirus Scientifica at Osaka, Japan During October 05-06, 2026.

2026 World Pediatrics Conference (2026WPC) is the 8th Edition educational event which is designed to advance knowledge and expertise in pediatrics and neonatology that rotate between continents and are organized in collaboration with national and international pediatric societies and associations. This International 2026WPC Congress is going to be held during October 05-06, 2026 in Osaka, Japan.

The conference is targeted to the international Pediatric Medicine community as well as other healthcare professionals involved in multidisciplinary pediatric disorders; For every community, there continues to be a need for child care and medical teams to evaluate and treat the newborn and children. It is appropriate that this pediatric Conference Congress take the action of leading a continuing education venue for the complex operative and child care challenges and become the epitome of such series.

The 2026 World Pediatrics Conference (2026WPC) will be organized around the theme ***'Advancing Pediatric Innovation for a Healthier Tomorrow'***.

The conference program for the 2 days includes a line-up of local and international speakers with inspiring insights to share on advancing Pediatrics, neonatal and child Care Quality Improvement through Patient and Family Experiences.

OUR COLLABORATORS

Slovak Pediatric Society (SPS) was founded in 1961, with the name Republican scientific pediatric society. Since 2015 BPA is registered as a non-profit association of public benefit. The Association brings together pediatricians, general practitioners with pediatrician practice, specialists working in the field of children's healthcare, adherents.

Since it was founded, the BPA has held 13 national congresses with international participation as well as many national and regional conferences.

The Association is a regular member of the European Pediatric Association (EPA/UNEPSA), the European Academy of Pediatrics (EAP/UEMS), the International Pediatric Association (IPA) and actively participates in their activities and events. In 2010, BPA became a co-founder of the Union of Pediatric Associations from the Balkan countries. This unique organization includes the pediatric associations of Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Greece, Hungary, Kosovo, Macedonia, Montenegro, Romania, Slovenia and Turkey.

The **Portuguese Society of Neuropediatrics (Sociedade Portuguesa de Neuropediatria, SPNP)** is a non-profit scientific association established in 1998 to promote pediatric neurology as an autonomous and specialized field in Portugal. It serves as a platform for healthcare professionals—both pediatricians and neurologists—dedicated to diagnosing, treating, and researching neurological and neuromuscular disorders in children and adolescents.

Mission and Objectives

SPNP aims to advance knowledge in neuropediatrics through:

- Ongoing professional education and training
- Scientific research and collaboration
- Public awareness of pediatric neurological disorders
- Cooperation with national and international organizations

The society actively supports the development of innovative diagnostic and therapeutic approaches, reflecting rapid advancements in biotechnology, genetics, and neuroimaging.

GUIDELINES

Before you begin, please prepare the following information:

Presenting author's contact details:

Email address, Full postal address, Daytime and evening phone number

Presentation type :

Please choose from one of the following:

Poster presentation, E-poster presentation, Oral presentation
Video presentation

Author and co-authors' details:

- Full first and family name(s)
- Affiliation details: department, institution / hospital, city, state (if relevant), country
- Abstract title- limited to 30 words in Title Case
- Abstract text- limited to 250-300 words
- Tables- A maximum of 3 tables of up to 10 rows x 10 columns can be included per abstract
- Graphs and images- It is important to note that each image included in the abstract is worth 30 words. A maximum of 3 images can be included per abstract. You may upload graphs in JPG, GIF or PNG format.

Please note that abstracts must be **SUBMITTED** before the deadline in order to be sent to review for inclusion in the Scientific Program.

Reviewing:

All abstracts will be forwarded for the Scientific Committee's review. If an abstract is accepted, the presenting author must register.

Authors who submit an abstract but fail to register by March 30, 2026 run the risk of having their abstracts withdrawn.

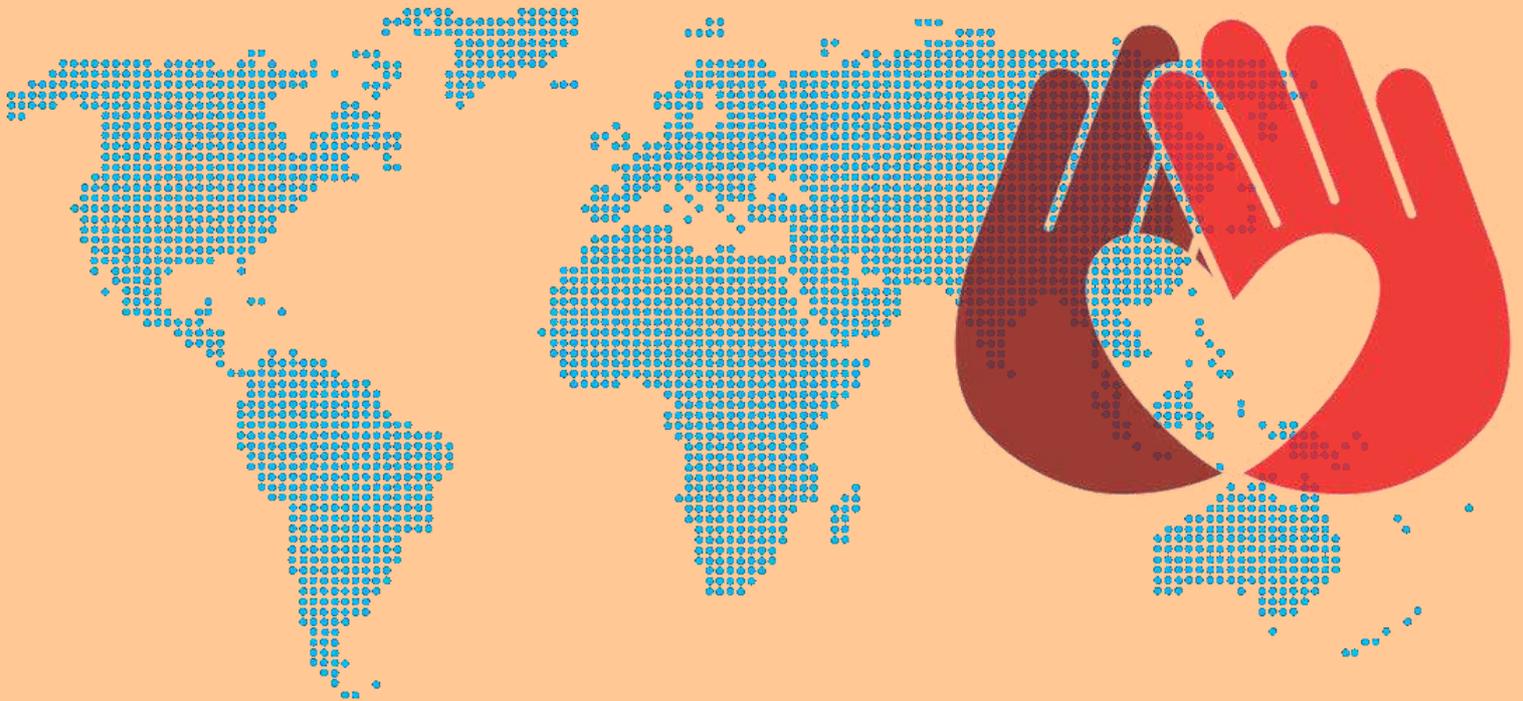

Letters of acceptance will be sent once your abstract has been reviewed and accepted. If you have not received any notification, please contact the program manager: pediatrics@epirus.org

Consent to upload Abstract, Presentation Material or lecture's video:

The Conference reserves the right to publish on the conference website:

- Some or all abstracts in HTML or PDF format
- Some or all of the presentations in PDF format
- Some of all recordings/videos/photographs of the lectures

EPISIRUS SCIENTIFICA EVENT (ESE) AMBASSADOR REFERRAL PROGRAM

Be an ESE 2026 WPC Ambassador and earn FREE Registration!

- Refer one new participant and you BOTH receive 15% OFF on Registration.
- Refer eight or more new participants and your 2026 Conference Registration + Accommodation will be FREE + Earn Gifts for your referred participants.

Who makes ESE strong? YOU.

- You make ESE the largest voice in scientific conferences in the world.
- You know the value of scientific conferences and can share it with your colleagues.
- You can encourage them to join ESE to maintain the influence of the medical and scientific community.

Top 3 Reasons to Refer Participants:

- Create a stronger community of peers to collaborate with
- Increase your network to become a leader in your workplace/academic institution
- Referring Participants is FUN and EASY!

The Rules: The ESE Ambassador referral program is designed to encourage current participants to spread the word about the value of ESE conferences.

Additional Benefits: Per Year, Top 3 Conference Ambassador will receive:

Travel Reimbursement*
Best Conference Ambassador Award

This offer expires **June 30th, 2026.**

For more details Please Visit: <http://pediatrics.episirus.org/ambassador/>

VENUE AND HOSPITALITY

Venue : Agora Regency Osaka Sakai
4-45-1 Ebisujima-cho, Sakai-ku,
Sakai-shi, Osaka 590-0985 Japan

Guide to nearby sightseeing spots

Hotel Agora Regency Osaka Sakai is ideally located for exploring both the cultural heritage and modern attractions of Osaka and its surrounding areas. Just a short walk away is Sakai City, renowned for its rich history as a merchant town, where visitors can explore traditional neighborhoods, local markets, and the Sakai Traditional Crafts Museum, famous for authentic Japanese knife-making.

Furthermore, it is a very convenient location to go sightseeing in various parts of Kansai, such as Kobe, Kyoto and Nara.

Transportation

How Can You Reach Osaka:

- From Kansai Airport Station, take the limited express Rapid β to Sakai Station. [Travel time: approx. 25 minutes]
- From Osaka International Airport Station, take a limousine bus to Namba Station. Transfer to the Nankai Main Line Express Southern Airport Express and get off at Sakai Station. [Travel time: approx. 35 minutes]
- From JR Shin-Osaka Station, take the Osaka Metro Midosuji Line to Namba Station. Transfer to the Nankai Main Line and get off at Sakai Station. [Travel time: approx. 25 minutes]
- From JR Osaka Station, take the JR Line to Shin-Imamiya Station. Transfer to the Nankai Main Line and get off at Sakai Station. [Travel time: approx. 23 minutes]
- From Kansai International Airport Station, take the Nankai Main Line to Sakai Station. [Travel time: approx. 25 minutes]
- From Wakayamashi Station, take the Nankai Main Line to Sakai Station. [Travel time: approx. 47 minutes]

Osaka Attractions

Osaka is one of Japan's most vibrant and welcoming cities, renowned for its rich cultural heritage, advanced infrastructure, global connectivity, and warm hospitality. As a major international hub, Osaka offers excellent accessibility through Kansai International Airport, with frequent direct flights connecting Asia, Europe, the Americas, and Oceania. The city's efficient public transportation system, safe environment, and wide range of accommodation options make it an ideal destination for international visitors.

In addition to being a leading center for commerce, innovation, and healthcare, Osaka is celebrated as "Japan's Kitchen," offering an exceptional culinary experience alongside world-class shopping, historical landmarks, and modern attractions. The ease of visa procedures*, high standards of medical facilities, and cost-effective stay further enhance Osaka's appeal as a preferred destination for global medical meetings and conferences.

In this context, Episirus Scientifica is proud to host the upcoming 2026WPC in the dynamic city of Osaka, Japan, bringing together distinguished experts, researchers, scientists, academicians, healthcare professionals, medical device manufacturers, and industry leaders from around the world. The conference will serve as a premier platform to exchange knowledge, share innovative research, and discuss the latest advancements and best practices in Pediatrics and Neonatology, fostering meaningful collaboration and scientific progress on a global scale.
